Not permitted	Max 9,20 Min 7,60	8,00 x 5,70	9 for women 11 for men 2 for disabled

* Height of the fittings to be respected is defined by the Technical Rules & Regulations

MAIN FEATURES

Hall 4 is a larger, open space one-storey area. Access to the hall is via the entrance to the East of the venue. An impressive central colonnade characterizes the space which houses a raised platform, the perfect place for a food court or business meetings. There is a reception area with 4 workstations. It is well-lit, with a wooden ceiling contrasting the glossy floor and is the ideal location for hosting large-scale exhibitions and events

FEATURES OF ELECTRIC PLANT

- Electrical outlet : 16A 5 pole (3F+N-T)
- Power: 6kw
- Tension: 380 v / 220 v

The electrical outlets in the exhibit areas are in floor power outlets. Requests for higher power supplies must be checked and approved by IEG S.p.A.

MAXIMUM CROWD CAPACITY

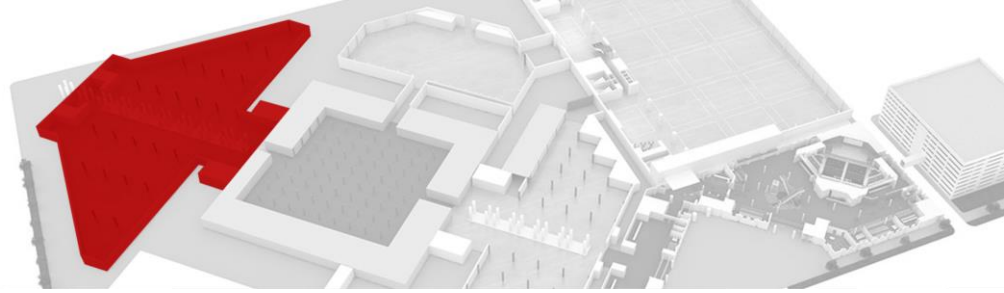

- Maximum crowd capacity for exhibition : 2,176 ppl
- Total evacuation capacity: 2,250 ppl
- Total number of emergency exits: 45

DEVELOPMENTS ON REQUEST

- Alternative outfitting projects subject to feasibility studies
